(1) Strategies

Need: Shortage of affordable housing for all eligible populations

1. Maximize the number of affordable units available to the PHA within its current resources by:

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

2. Increase the number of affordable housing units by:

- Apply for additional section 8 units should they become available to decrease waiting list

9.1 Need: Families at or below 30% of AMI

1. Target available assistance to families at or below 30% of AMI

- Adopt rent policies to support and encourage work
- Work with not-for-profit developers to increase housing opportunities for program participants who are 30% of median income or less

Need: Families at or below 50% of AMI

1. Target available assistance to families at or below 50% of AMI

- Employ admissions preferences aimed at families who are working

Need: Races or ethnicities with disproportionate housing needs

1. Conduct activities to affirmatively further fair housing

- Inform Section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Apply for additional Section 8 funding as it becomes available to decrease waiting list time
- Advertising program in variety of publications and with affordable housing websites to reach elderly, disabled and low income populations
